BHM KITCHENS

DIE WELTSTADT DER **KÜCHEN**

With its great tradition in the furniture industry the Westphalia city of Löhne bears the proud name of „the world's capital city of kitchens“ (Die Weltstadt der Kuchen).

Bauformat started to build its production plant in Löhne as early as in 1929. At present, we daily produce over 500 kitchens in our ultramodern plants, which are then supplied worldwide.
